

## **5<sup>th</sup> Young Polymer Scientists Seminar (SEJIPOL2020-21)**

**Celebrating 100 years of polymer science**

**26<sup>th</sup> October 2021**

### **Who can participate?**

Ph D (oral presentation), graduate and master students (flash presentation) who develop their activity in polymer area:

- Advances in polymer synthesis and characterization
- Biodegradable polymers and biomaterials<sup>[1]</sup><sub>[SEP]</sub>
- Polymers and composites for advanced applications<sup>[1]</sup><sub>[SEP]</sub>
- Sustainability, valorization and polymer recycling

A travel grant is offered for researchers from outside Madrid

The best presentations will be selected to publish in Revista de Plasticos Modernos

### **Free registration**

Fill out the form SEJIPOL2020 or send an e-mail to [promocion@ictp.csic.es](mailto:promocion@ictp.csic.es)

### **Deadline**

15<sup>th</sup> September 2021
